

Ijtema Experience

It is not long ago when I went to an Ijtema held in Bait-tur-Rehman and witnessed a great favor of Allah Ta-ala.

During the lunch hour of Ijtema, we were sitting in the company of Maulana Azhar Hanif Sahib. There were a number of other Ansar either waiting to talk to him, just listening or simply leaning in. I was sitting next to him. A gentleman came who looked very worried and was in a sort of panic. He kind of rushed in and told Maulana Azhar Hanif Sahib that his brother is in a very serious condition due to cancer and sought his prayers. Maulana Sahib said a few words of prayers and advised him. I mentioned that we have Dr. Ashraf Meelo Sahib, a renowned oncologist, attending the Ijtema. The gentleman was very worried and asked where could he find Dr. Meelo Sahib. As I was attempting to grab my cell phone to find doctor sahib's phone number, we saw Dr. Ashraf Meelo Sahib approaching us. We were all amazed to see this and Maulana Sahib praised Allah and said "see how Allah Ta-ala helps ... we have not even finished our conversation and Dua yet, and Allah has listened and accepted it".

This is an example of how God takes care of and addresses the needs of those who attend Jama'at programs and conventions.
